

# Alcochem Detergent, logistic solutions

## Introduction of Alcochem Detergent:

Established in 1974 Alcochem Detergent works as an intermediate between producers and end users of products for the Detergent industry in parts of Europe.

In close cooperation with strategic producers in Spain, Sweden, Morocco, Belgium and the Netherlands Alcochem Detergent offers her products and services to the market.

Alcochem Detergent is the official agent for Crimidesa for Central and Eastern Europe.

The relation between Alcochem Detergent and both the producer as well as the customer is based on a long-lasting cooperation. Because of our long experience with logistics and foreign markets and knowledge of the product, Alcochem Detergent offers sharp prices combined with quality and continuity.

Alcochem Detergent is working on extension of her network, and mostly looking for synergy in the products to build out the cooperation with the current suppliers. We offer our current and new customers purchasing of raw materials for the detergent and related industries with interesting conditions.
